Fridge > table fast.

1 Autofill Infuser Water Jug

Serve cold water instantly from fridge to table with the convenient BPA free autofill water jug. Feeling fancy? Add some flavours to the infuser for a refreshing twist.*

Ice on demand.

2 Auto Ice Maker

Ensure that you always have plenty of ice to stay cool when the weather is warm with the Auto Ice Maker, you can dispense a large quantity of ice cubes on demand.^

Designed to impress

3 Premium Flat Door Design

Elegant design 'built-in' look thanks to the flat door design for a seamlessly elegant and modern, high-tech look. Its simple and sleek look is accentuated by recessed handles, with an antimicrobial coating on the handle that helps to protect it from degradation from certain microorganisms.**

Helping hand to keep things clean.

4 Anti-Fingerprint Finish

Helps discourage fingerprints on the external surfaces of the fridge, to keep things in tip top shape.

Fits in and fits it ALLL in.

5 Sized for Australian Kitchens^^

Expansive French Door storage space with full width fridge and dual freezer space. Designed to fit a standard 1800mm high cavity, common in many Australian kitchens.^

Store in the door. Free-up internal fridge space.

6

Big Bottle Door Bins

Keep large bottles and jugs within convenient reach with the large capacity door bins. Plenty of room for those BIG 3L milk and 2L soft drink bottles and freeing up the internal fridge space.

Keep it all crisp.

7

Big Crisper

Large capacity, Big Crispsers maximise fresh fruit and vegetable storage. Stock-up to have your favourites always on hand.

Preserve freshness in your food

8

All-around Cooling

All Around Cooling technology continually checks the internal temperature and blows out cold air when needed. Multiple air vents on every shelf ensures even distribution of cold air from corner to corner to help keep your food fresh.

Fast, cold, blast.

9

Power Cool / Power Freeze

Power Cool blows intensely cold air into the fridge, so foods and drinks are chilled quickly. And Power Freeze delivers a fast blast of cold air into the freezer. It's great for freezing or firming up frozen food, like ice cream, and making more ice.

Seamlessly Stylish

10

Simple LED Display

Enjoy a stylish and easy way to access the controls. The simple LED display enhances the minimalist design as it's discretely hidden inside.

Replacement Water Filter

Keep things fresh.

Water Filter - HAF-QIN

Samsung water filters, using high grade carbon block, help remove numerous substances which may be present in your water such as chlorine, microbial cysts, heavy metals & chemicals - common industrial substances with high toxicities that can infiltrate the water source.^^^

*Bisphenol A (BPA) is found in polycarbonate plastics and epoxy resins, which are often used in food and beverage containers, and has been linked with possible adverse health effects. Automatic refill is subject to the unit being plumbed.^On demand ice from the auto ice maker is subject to the unit being plumbed.**Intertek report - the components of SAMSUNG refrigerator can remove more than 99 % of the bacteria (S.aureus, E.coli, S.enteritidis, P.aeruginosa) in compliance with JIS Z 2801 & ISO 22196. The antimicrobial coating on the handle does not protect users or others against bacteria, viruses, germs, or other disease organisms.0^^Fits a standard 1800mm high cavity. Please review full fridge dimensions to determine suitability.^^^Tested according to NSF/ANSI for the reduction of Chlorine, Taste and Odor Particulate Class I; and against NSF/ANSI Standard for the reduction of Lead, Asbestos, Cycst, Turbidity, Atrazine, Benzene and Lindane.
