WARRANTY PERIOD	
Warranty Period	1 Year - Parts and Labour

1 HDR playback for HDMI, USB and IPTV streaming services. HDR broadcasts currently not available in Australia. Compatible Dolby Vision High Dynamic Range content required for full HDR effect.

2 Image quality of upscaled content will vary based on the source resolution.

3 Voice Control features may not be available in all languages and dialects. Refer to source material. ThinQ TV control voice commands are supported.

4 Dedicated USB Hard Drive required for recording and live playback function (sold separately), exFAT not supported.

5 Some brands not supported, check website for details:

www.lgappstv.com/appspc/oss/support.lge

6 Feature activated when connected to a compatible device and compatible content.

7 Only RTX 20-series, 30-series, 40-series and GTX 16-series GPUs will support G-SYNC Compatible with LG OLED TVs.

8 Feature activated when showing HFR content and connected to a compatible gaming device with an Ultra High Speed HDMI certified cable.

9 Feature available with compatible QMS devices, and may require software updates on both devices.

10 Internet connection required. Subscriptions and data costs may apply. Content, features and third party services will vary from time to time without notice. Compatible controller required, sold separately.

11 AI ThinQ feature is not available in all languages and dialects. Depending on ambient noise, voice clarity and available content or source material, voice commands may not always deliver or respond to the requested command. Home Wi-Fi and LG ThinQ app required. Separate terms, conditions and privacy policies apply to Smart TV apps/features including Voice Commands. Using Voice Commands requires agreeing to the Voice Information Privacy Policy.

12 Internet usage charges and conditions apply. WebOS internet browser supports AV1, HTML5, VP9 and HEVC, not for video streaming. Content and features will vary from time to time without notice.

13 Separate terms, conditions and privacy policies apply to Smart TV apps. Failure to accept the terms applying to an app may result in an inability to use the app. Subscriptions may be required to access certain content. Some features and services may be changed without notice. Depending on language, voice clarity and available content or source material, voice commands may not always deliver or respond to the requested command. Google Assistant™ and Amazon Alexa™ functionality require an internet connection as well as a Google or Amazon Account (as applicable). Apple AirPlay® requires a Wi-Fi connection. Controlling devices and features requires compatible smart devices. Subscriptions may be required to access certain content. Some features and services may be changed without notice. Depending on language, voice clarity and available content or source material, voice commands may not always deliver or respond to the requested command. Google is a trademark of Google LLC. Amazon, Alexa and all related logos and motions are trademarks of Amazon.com, Inc. or its affiliates. AirPlay is a trademark of Apple Inc.

14 Freeview uses HbbTV technology which combines broadcast & internet streaming. Data usage charges & conditions apply.

15 LG ThinQ App on compatible Android devices (Android 5.0+) and iOS devices (iOS 11+). Device must be in range, on the same Wi-Fi network as the TV.

16 Apple AirPlay 2® and HomeKit® requires a Wi-Fi connection. Controlling devices and features requires compatible smart devices. Subscriptions may be required to access certain content. Some features and services may be changed without notice. Depending on language, voice clarity and available content or source material, voice commands may not always deliver or respond to the requested command. AirPlay® and HomeKit® are trademarks of Apple Inc.

17 Miracast compatible Android device required for this feature.

18 Dolby Atmos source content required for full audio effect.

19 WiSA compatible speakers required. (Sold Separately)

20 Designed to work with WOW Orchestra compatible LG audio devices, and using a High Speed HDMI cable.

21 B3, QNED86, QNED86, QNED81, 86UR8050: HDMI ports 3 and 4 support HDCP 2.3, 120Hz @ 2160p.

Details of supported 4K codecs, bit-rate and frame rates, see product User Guide: http://kr.eguide.lgappstv.com/manual/w23/global/Apps/w23_asia02/a_eng/etc.html

All product specifications correct at time of printing. Specifications may change without prior notice. Customers are advised to check with your retailer before purchase.
