# 2

### Powerful clean in 30 mins<sup>2</sup>

#### Speed Shot

Complete a Cotton course in 30 minutes thanks to Bubble Shot and Speed Spray technologies<sup>2</sup>. Powerful jets of water infused with detergent rapidly penetrates the fabric while shots of clean water quickly remove detergent residue for a thorough clean.

# 3

### Hard on dirt, gentle on clothes

#### BubbleWash™ and BubbleSoak™

Ensure a thorough clean by pre-mixing detergent and air to make foam from the beginning of the cycle with BubbleWash™. BubbleSoak™ is an optional pre-wash treatment that soaks clothes in bubbles to help ensure a thorough clean.

# 4

### Minimise waste and save time

#### AI Wash w/Auto Dispenser

4 built-in sensors determine the laundry's weight and level of soiling to optimise the amount of water, detergent and rinse time. The auto dispenser helps minimise the over-use of detergent and is easy to refill.
