Child/Parent Control

Decide in an instant. Press the red button on the front wheel mudguard & twist it 180° to switch control.

Removable Pedals

Snap in the non-slip pedals to turn your baby push trike into a toddler tricycle ready to ride and explore.

Young Baby Footrest

Your baby can sit comfortably with their feet up, until they are ready to use the foldable toddler footrest.

Safety Features

Secure 5-point harness and detachable safety bar ensures baby stays securely seated while on the move.

Reclining Seat

Recline the seat for easy nap times on the go and enjoy going out with your trike no matter what time of day.

Brake System

Our advanced rear brake system gives you even more control over the trike. Just push down to secure.
